

## Eco Shine - Semi Acrylic Exterior Emulsion

### The Product

Eureka Paints Eco Shine is acrylic based exterior emulsion yet another economic choice. It provides high hiding & very good color fastness. It is specially formulated to withstand extremes of tropical conditions of Indian climate.

### Key Features

Eureka Paints Eco Shine prevents settling of dust, dirt and pollutants thus making it look fresh for many years. It contains highly effective fungicide and biocides to give it strong antifungal properties. Ultraviolet resistant pigments used with special resins assure fastness of shades for longer time. Excellent adhesion and non-cracking or peeling, if applied as per instructions.

### Substrate Suitability

Eureka Paints Eco Shine can be applied on vast range of exterior surfaces viz cement plaster, masonry, concrete, asbestos sheet, POP, Gypsum etc.

### How To Use

#### Surface Preparation

- Ensure that the substrate to be painted is free of any dirt, dust, oil, grease, any algae / fungal growth or any other type of contamination.
- This can be achieved by vigorous brushing of surface with media like wire, tar brush etc and cleaning with soft water.
- In case of pre painted surfaces - loose old paint etc should be thoroughly removed.
- Surfaces showing signs of chalking and flaking should be treated with some suitable sealer etc.

#### Touch Ups/Rectification

- Any touch up/ rectification required in the surface should be done with sand cement mortar only and it should be subjected to proper curing.
- For freshly plastered surface, care should be taken for proper curing and sufficient drying time.

### Application System

Product	Application Tool	Thinner	Dilution	Touch Dry	Recoat*
Priming <b>Eureka Paints Cement Paint</b>	 Brush	Water	100%	1hr	2 Days After Minimum Curing - 3 Times
OR					
<b>Eureka Paints EWP</b> Exterior waterbase Primer	 Brush,  Roller,  Spray	Water	100-110%	30 mins	4 hrs
1st Coat <b>Eureka Paints Eco Shine</b> Semi Acrylic Exterior Emulsion	 Brush,  Roller,  Spray	Water	40-50%	1hr	4-6hrs
2nd Coat <b>Eureka Paints Eco Shine</b> Semi Acrylic Exterior Emulsion	 Brush,  Roller,  Spray	Water	40-50%	1hr	4-6hrs

\* Recoat period is quoted for 25°C at 50% relative humidity - may vary under different conditions.

### Technical Data

- |    |  |   |
|----|--|---|
| 1) | <b>Covering**</b>                          | One liter of Eco Shine covers 11 to 13 sq. mts for per coat depending on the porosity of surface and method of application. |
| 2) | <b>Recommended Dry Film Thickness(DFT)</b> | 35-40 microns   |
| 3) | <b>Gloss/Sheen Levels</b>                  | 0-9 on glass plate at 60°, smooth finish with slight sheen  |
| 4) | <b>Thinning</b>                            | 40-50% by volume with water   |
| 5) | <b>Drying Time</b>                         | Interval of at least 4 hours between two coats is essential<br>Hard dry - 24 hours  |
| 6) | <b>Shelf Life</b>                          | Minimum 1yr when stored in original sealed container away from sunlight and excessive heat.                                 |
| 7) | <b>Pot Life</b>                            | 24 hrs  |

\*\* Actual coverage may vary on factors such as substrate porosity, method of application etc.

### Precautions

#### Before Use

- Do not overdilute or over extend the brush
- Stir Well Before Use

### Post Application

For performance optimisation - ensure proper washing and cleaning of structures at regular intervals.

### Safety

Please refer to detailed MSDS of Eco Shine for detailed information on safe handling of product.

### Pack Sizes & Shade Range

**Pack size availability:**

**1ltr, 4ltr, 10ltr, 20ltr**

**Available in Large Shade Range**

**Regd. Off. :** 5 Meghdoot, 2nd Floor, Plot No. 283, Flank Road, Opp. S R Mehta (Kikabhai) Hospital, Sion (E), Mumbai - 400022.

**Manufactured at :** Eureka Paints, Unit No. A 743, TTC Industrial Area, MIDC Village Khairne, Near Ruchit Palace Hotel, Navi Mumbai.
